Entry

IT Consulting

Mobile App Development

Custom iOS/Android apps, ranging from native, mobile web, mobile web app, hybrid to multi-platform applications.

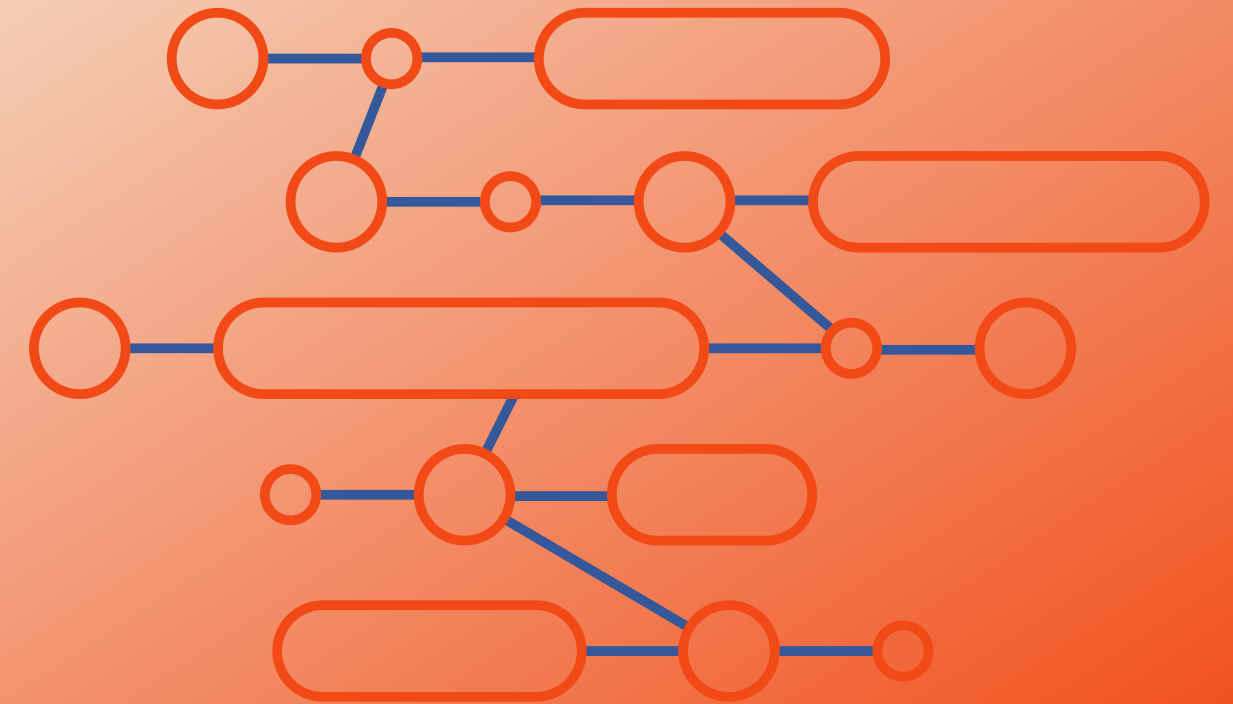

Custom Web Development

The web solution is in line with your business requirements for various industries such as healthcare, banking, lifestyle, F&B..

Ecommerce Data Entry

Our "Product Data Entry" service saves you the time and effort spent on inputting product information, making e-commerce product management easier and faster.

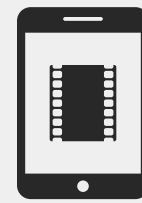

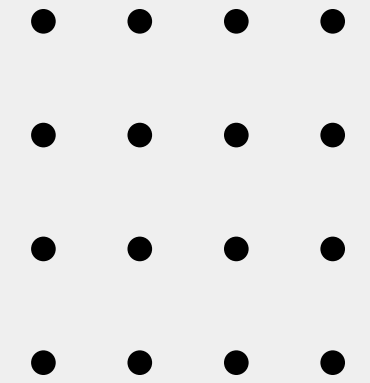

IT Consulting

We focus on being your trusted IT partner for accurate advice on operating systems, servers, platforms and technologies.

Portfolio

FOOD RECIPE APP - BUTTERYUM

EPROCUREMENT SYSTEM

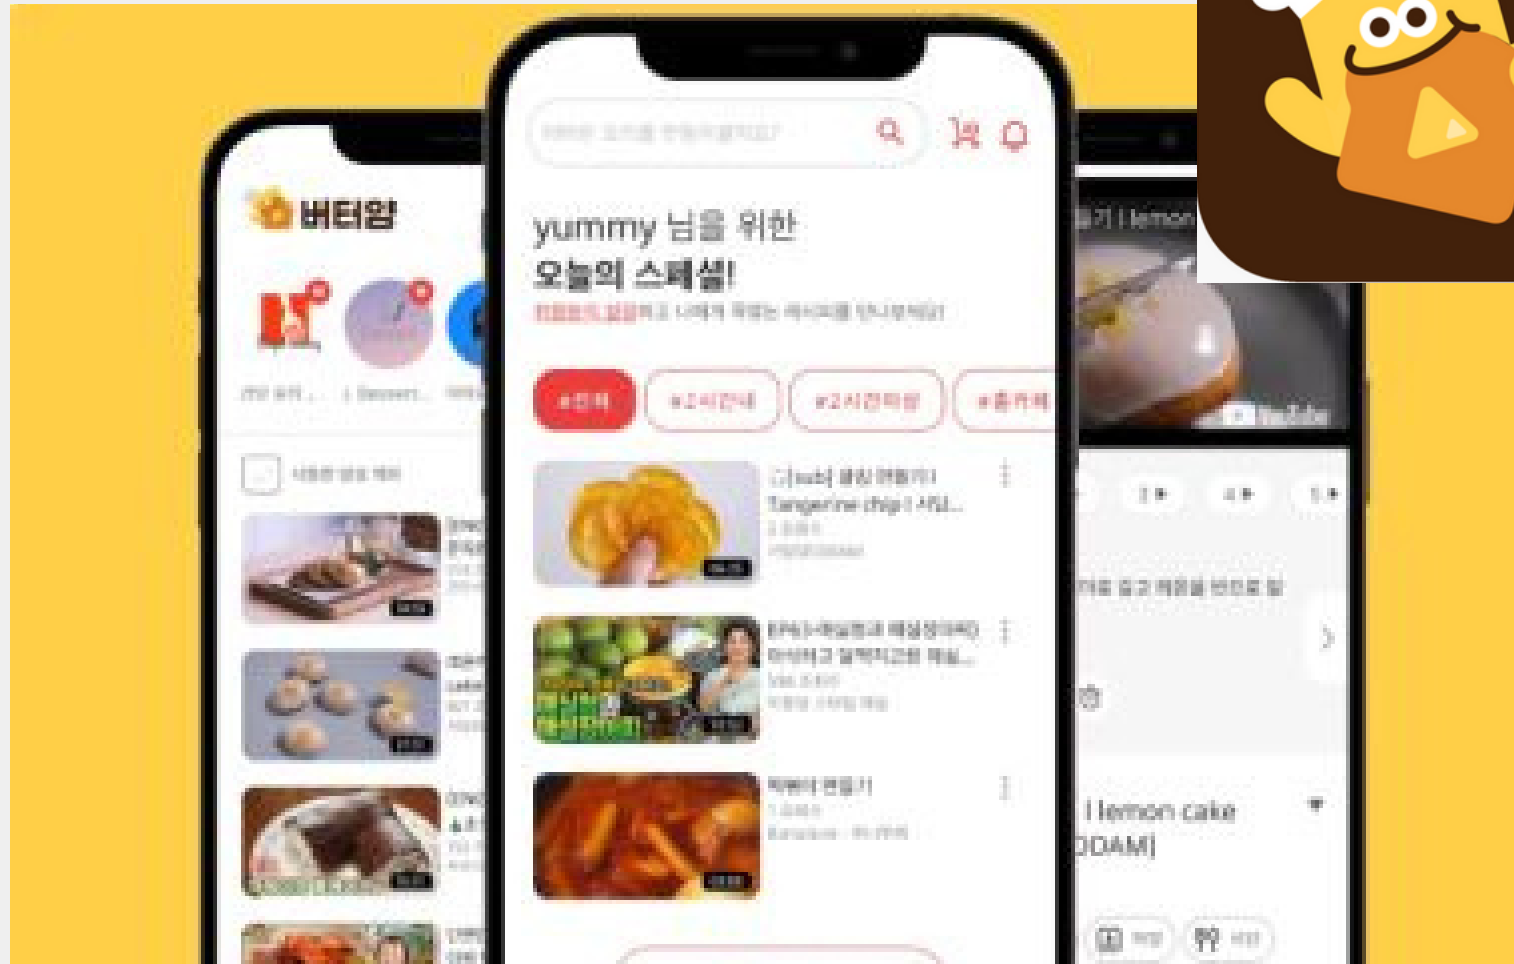

CONTENT OUTSOURCING

BUTTERYUM

A lifestyle application with recipe videos from popular YouTubers with curated content to help cooking lovers have a better cooking experience.

- *Flutter*
- *AWS Global Cloud*
- *Launched on time with full features*
- *50% cost reduced*

EPROCUREMENT SYSTEM

We convert the codes from existing system to adapt to cross browsers and redesign the interface for e-purchasing system.

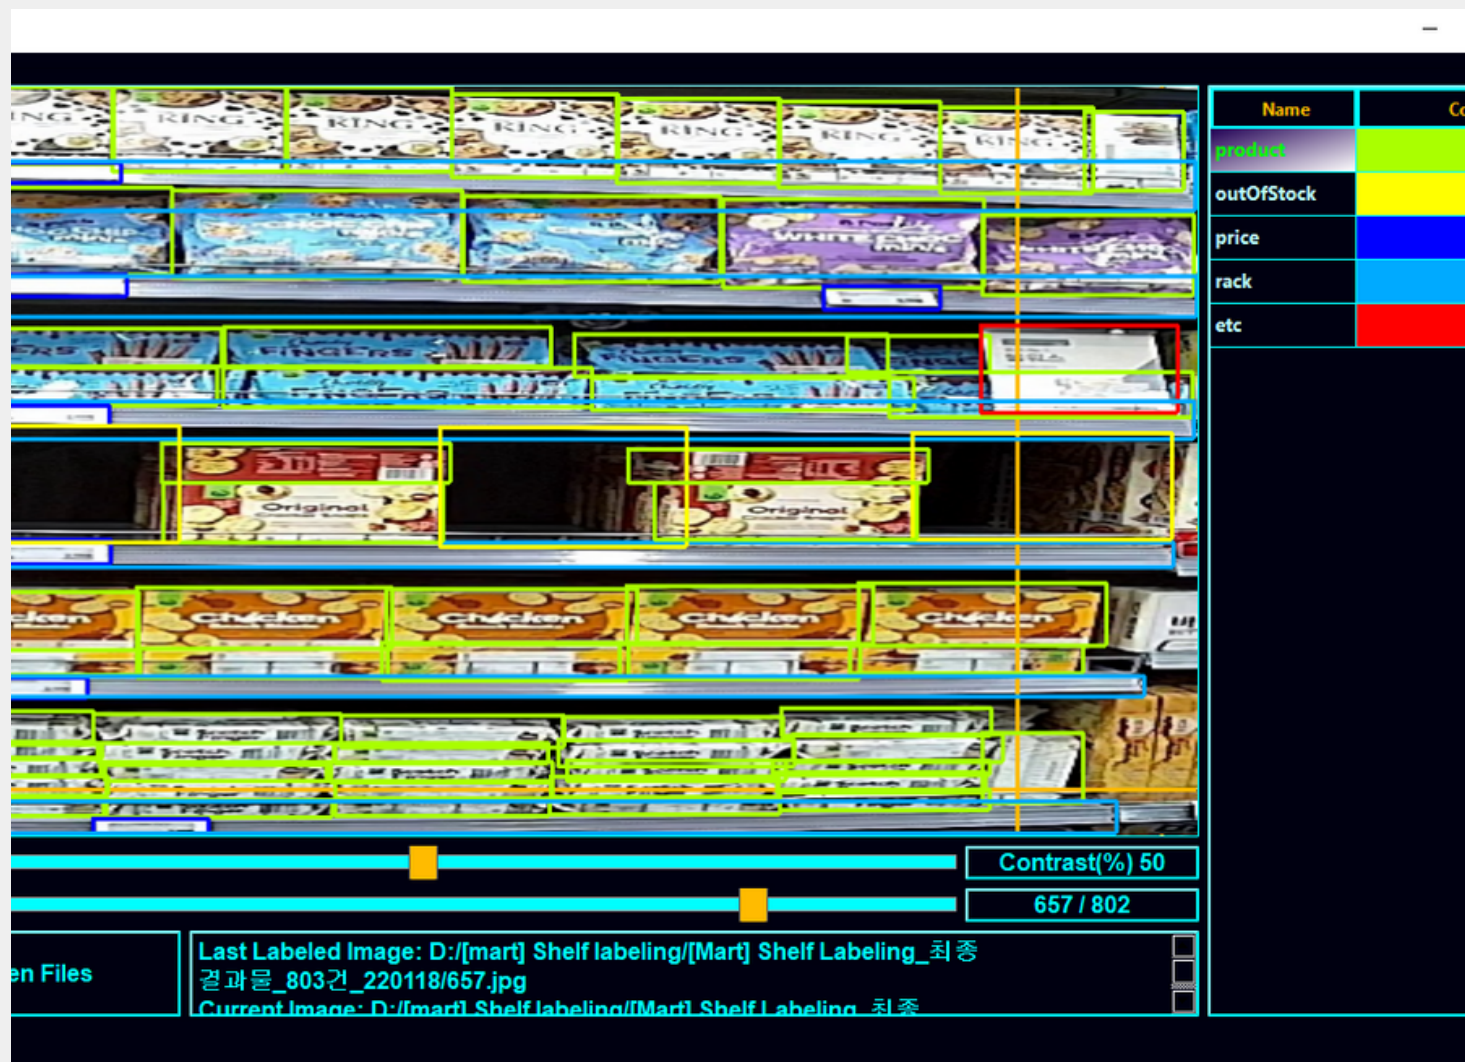

The screenshot shows a web interface for contract management. The main content area displays contract details for '유지보수 관리 > 건축작성 > 건축작성(명입)'. Below the details is a table showing monthly payment amounts for various years.
